# Google Ads Editor

 GOOGLE ADS EDITOR

Make changes  
across your  
campaigns with ease

Google Ads Editor is a no-cost, downloadable application that lets you work offline and make bulk changes quickly, and easily.

 [Download Google Ads Editor](#)

Be more productive and efficient when managing your campaigns with the Google Ads ad creator and editor tool. Download and install your copy using [this link](#).

## Benefits:

- Work on your account offline – the ads editor tool lets you download your campaigns, so you can keep working even when you're offline.
- Leverage bulk editing tools - Make changes quickly to all of your accounts all at once. With Google Ads Editor, you can search and replace text, move items, and undo or redo changes across multiple campaigns.
- Review changes before you post - See your edits in draft before executing them across your campaigns. Plus, you can export and import files so your colleagues can review and propose changes.

# Google Ads Academy

Google Ads Academy is a training platform that you can use to grow your skills on all of Google's tools and solutions. It's for anyone who uses the products listed below. When you sign up, you'll be able to access the online courses at any time and complete them at your own pace.

- Android
- Authorized Buyers
- Google Ad Manager
- Google AdMob
- Google Ads**
- Analytics Academy
- Google Digital Academy
- Google Marketing Platform
- Google My Business
- Google for Education
- Waze
- With more to come

## **Benefits:**

It provides a fast, easy-to-use training platform to build your knowledge: Enroll in a learning path and take the associated courses. Then, you can test your knowledge by taking assessments.

Depending on the learning path that you select, when you pass, you'll earn an achievement or a certification that will be displayed on your profile. This can be used in your resume and will remain valid for one year. To sign-up for you Google Academy account, please [visit this link](#).

# Google Academy

The Google Academy is all-encompassing and has a lot of information that is not useful to pet business owners. With that in mind we have picked some of the most relevant courses and certifications for you to complete below. (click a course to begin).

## Google Ads Search

Learn the fundamentals of Google Search campaigns and get Google Ads certified.

## Google Ads - Measurement

Learn the fundamentals of measuring digital ad performance and get Google Ads certified.

## Google Ads Display

Learn the fundamentals of Google Display campaigns and get Google Ads certified.

## Google Ads Video

Learn the fundamentals of Google Video campaigns and get Google Ads certified.

# Google Analytics Academy

“Google Analytics Academy” is very similar to the “Google Ad Academy”. However this platform is separate from Google Ads. It is primarily used to track users behavior on your site as well as track the source of the traffic on your site. Once you have a firm command of the metrics and terms in Google Ads, we suggest that you, set up a Google Analytics account and complete the training sessions below:

## Google Analytics for Beginners

Learn the basic features of Google Analytics including how to create an account, implement tracking code, analyze basic reports, and set up goals and campaign tracking.

## Advanced Google Analytics

Learn about advanced Google Analytics features including data collection, processing and configuration, and more complex analysis and marketing tools.

## Google Analytics for Power Users

After you're familiar with the range of features Analytics offers, learn and practice actionable analyses to track business performance and identify areas for business improvement.
